FROM MY HEART TO YOURS

Dear Partners and Friends,

We're back with our 3rd Annual Women's Day and this time, we're doing it with MORE impact!

We're also looking ahead at increasing access to hygiene products by directly serving 300 women, girls and families. By sponsoring Women's Day, you're directly contributing to H.O.P.E. (Hygiene, Operations, Partnerships & Education) and making hygiene possible for women and children who have found themselves navigating life's most unforeseen circumstances.

We hope that you would consider becoming involved with volunteer opportunities for your company to engage employees and staff to make a meaningful difference.

We appreciate the ongoing support of our giving community because it's undoubtedly the foundation of who we are. In 2025, we're projected to provide hygiene products to over 4,500 women, children and families experiencing a crisis or transition which is a 50% increase of our impact in the local community since last year.

Please consider giving to our cause and bringing your friends, employees and family along to support the devastating issue of hygiene and women's health within our local community.

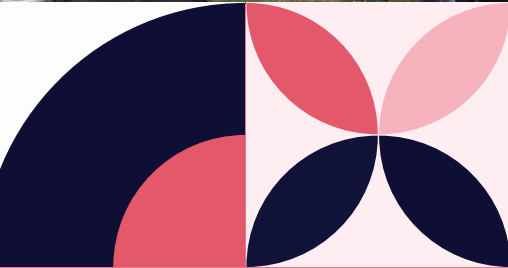

In community,

Shirnetta Harrell

Founder & Executive Director

LOOKING BACK..

2024 WOMEN'S DAY

254 women, children and families served.
15 partnering agencies provided on-site resources.
55 sponsor-led volunteers directly served women and children.

Women's Day is our annual event created to alleviate barriers for women, girls and families in our local community by partnering alongside nonprofit and civic organizations to address women's health with on-site resources.
